

**VICKI
COBB'S**

Arts & Science Surprises

**Do you invite authors to visit your school?
How about a nonfiction author for a change?
Did you know that **Vicki Cobb** is a local author?**

Vicki Cobb's ARTS AND SCIENCE SURPRISES is a highly entertaining fast-paced, one-woman show that is guaranteed to captivate kids and their teachers. The program begins with poetry and a multicultural trip to Africa. Then Vicki invites the audience to discover illusions and misconceptions that show how science can get us past the limitations of our senses and experiences. Individuals participate in doing irresistible challenges from her best-selling books BET YOU CAN! and BET YOU CAN'T! and YOU GOTTA TRY THIS! Kids will marvel at levitating ping-pong balls and the flying teabag while painlessly learning some basic physics. Most importantly, Vicki's program gets kids excited and enthusiastic about science and writing and creates many openings for teachers to follow-up on.

This program supports NY State Learning Standards for the Arts (1, 3, and 4)
NY State Learning Standards for Science (1,4,5,6,7).

Information about Vicki's visit with kids:

Three assembly presentations; 50 minutes for grades 2 up, 30 minutes for K-1

- Informal visits with kids and teachers
- Book signing
- To help prepare the kids, Vicki gives you a 7 minute video of her doing experiments with her granddaughter
- As a follow-up to her visit, Vicki has prepared a list of activities
- Vicki's books touch every age group from K-8, including her new preschool "Science Play" series
- Fee: \$1200 for the day (she only does full days), no expenses if you are local
