

Dear Families,

May is sure to be an exciting month! We have planned some special days for the children. On Tuesday, May 16 we will be visiting Empress Ambulance in Yonkers as a kick off to our community workers unit. The Minerva Family has once again extended the invitation to the children at Pocantico Hills and we are thrilled to participate! This visit is sure to leave a lasting impression on the students.

On Friday, May 19 the Stepping Stones Museum will visit our classroom. This science outreach program will feature “Zoe the Zoo”. This program will be both fun and interactive. It will teach the children about animals and their habitats. This program is being funded by our PTA.

As the month comes to an end we will visit Stone Barns to notice all the signs of spring. We are hoping to have a bright sunny day so that we can photograph some of the colors we see around us as well as have our snack time there.

**On Thursday, May 25 there will no Pre-K due to registration for new incoming students.**
