

The background features a light blue gradient with a trail of footprints winding from the top left towards the bottom left. Various science-themed icons are scattered throughout: a green atom, a character holding an 'A+' sign, two yellow gears, a green scientist, a green 'S', a blue 'T', a yellow star, a blue 'E', and a green 'M'. In the bottom right corner, there are three black silhouettes of evergreen trees.

Pocantico Hills School Foundation
Annual Walk Around Swan Lake

STEPS FOR SCIENCE

- ✓ Walk scheduled for *Friday, October 7th*, rain date October 11th.
- ✓ Return collection envelopes by *Tuesday, October 4th*
- ✓ Donations support equipment for the new S.T.E.M. program blending math, science and technology with a hands-on curriculum
- ✓ Wear comfortable shoes
- ✓ Middle school students earn 2 hours Community Service
- ✓ Children walk in shifts by grade between 9:00 and 11:00
- ✓ Parents welcome - meet us at the main entrance to the Rockefeller Preserve, off Route 117, any time up to our conclusion.

Thanks for your enthusiastic support of the
POCANTICO HILLS SCHOOL FOUNDATION
in this community-wide effort to help our kids
broaden their world of knowledge in a variety of
engaging and fun projects and experiments.
