

# Consultant Fair

Center for Professional Development and Curriculum Support  
Southern Westchester BOCES

You're looking ahead to 2008-2009, and so are we! The Center for Professional Development and Curriculum Support at SW BOCES is busy identifying more talented consultants who are willing to provide workshops and on-site support services to teachers and administrators in your districts.

State aid for schools is in place for next year, and most districts will receive additional funds. Take this opportunity to meet our fresh team of professional development consultants—they represent the “teaching edge” of quality program delivery. You'll be better informed as you plan how to address the training and on-site support needs of all your staff.

Join us on Thursday, May 22<sup>nd</sup>, when you'll have the opportunity to review a group of interesting professionals in Math, ELA, Science, SEL and Leadership skills. They are pre-screened by SW BOCES Center for Professional Development staff and they want to work with you.

**Date: May 22, 2008**  
**Time: 8:00am - 12:00pm**  
**Location: 2 Westchester Plaza**  
**Elmsford, NY**

We'll have a light breakfast for folks who come early. Bring (or send) your department chairs or teacher leaders, curriculum staff, building administrators, or others involved in identifying professional development options. There's no charge for this opportunity, but please let us know who will attend from your district by calling Helaine Fried or Marjorie Wain at 345-8500.

We're looking forward to showing off our new talent! Hope to see you on the 22<sup>nd</sup>.

Dr. Brian Preston  
Director of Professional Development
